

Stage Combat

Saturday, February 18th 1-3pm Grades 6-12 \$75

The first rule of the Stage Combat is, don't talk about Stage Combat. Mainly because you won't have time! R&D Choreography will be teaching you the basics of fight choreography with deceptive slaps, punches, kicks, throws, and holds. You'll see it takes a lot of focus to create the illusion of fighting on stage. Prepare to stretch and move your body in ways you haven't before! All moves are modified from actual fighting techniques to keep safety a top priority. Once you have an understanding of stage combat, you'll spend time putting your new abilities to work with others. This is a great chance to hone your skills if you anticipate trying out for the Spring show, *She Kills Monsters*. It's time to look tough as nails on stage! Please join us!
