Accents and Dialects (6th-8th)

Teacher: Andrew Pond

Find your inner voice and create a character. We'll take a tour of different dialects and accents from around the world. Learn to apply an accent consistently to a script and use it in your acting. We'll learn how to mark words, lines, vowels, and see the script changes to make a dialect happen. Then will have lots of "out loud" practice trying different words, phrases, and scripts. We'll have a ton of fun and laughs along the way. Whether you'd like to be a slick-talking New Yorker, a proper British socialite, a southern belle, or a fun-loving Aussie- we'll try our hand at a bunch of different accents. Open up and let a character out!

Musical Theatre: It's Good to be Bad (3rd-6th)

Teacher: Laura Thoresen

Let's explore villains! Sometimes it's good (and FUN!) to be bad. Whether it's characters from Descendants, or classic villains like the Wicked Witch, Jafar, Maleficent, Audrey II, Scar, or others, we'll delve into these complex and interesting characters. We'll move to some music, creating staged movement, while also working some motivation and using scripts. Whether you're looking to explore your acting and movement chops, or just want to let out your evil side, this class is for you!

Advanced Acting (4th-8th) **SOLD OUT!**

~~Teacher: Billy Cooper~~

~~If you want to stretch yourself, this is the class for you. We'll be making sure that you're "actor's toolbox" is full of different approaches, tips, methods, and confidence. Every student will get a lot of individual coaching on connecting with their character and their scene partners. Students will have the opportunity to work on scenes and/or monologues to deepen their character and abilities.~~

Theatre Games (3rd-8th)

Teacher: Eddie Sugarman

Theatre games in the great outdoors! Through a variety of high-energy, interactive games, we will have a blast as we work on relational skills, creativity, and active listening. From a safe distance, we will get crazy creative and discover new techniques for characterization and getting your character's objective.

Improv Your Way (7th-12th) **SOLD OUT!**

Teacher: Scott Sawa

~~Short form. Blackouts. SNL. Who's Line. Game style. Long form. Character interactions. You wanna try it? Let's DO IT! Students in this class will get the chance to explore and play their favorite forms of improv or discover new styles. Lots of "reps" and side coaching will help players refine and strengthen those "yes and" skills!~~
